## It's News Here!

### Manager Seeks City Resident Help

City manager Jerry Morford today asked that residents cooperate on the city refuse pickup policy. Refuse collection throughout the city is made every Monday.

The problem, according to Morford, is that residents begin placing refuse curbside as early as Wednesday of the week prior to Monday collection.

He asks that city residents place garbage curbside early Monday since pickup starts at 9 a.m. that morning. City pride is involved here, refuse should not lay along our streets for three or four days or more prior to collection service. Morford further indicated that littering complaints will be issued if resident cooperation and assistance is not obtained.

### Woman Dies In Accident

A one-car accident on I-75 near Four-Mile Road south of Grayling claimed the life of a 69-yr. old South Lyon resident last Thursday night. According to Sheriff's Dept. Deputies, Eunice May Beardslee was dead on arrival at Grayling's Mercy Hospital, where she was taken following the mishap. The incident is still under investigation by the Sheriff's Dept.

### 2nd "Meet Your Candidates" Night This Friday

School Board Candidates running in next Monday's election will have a second opportunity to express their viewpoints at a "Meet Your Candidates Night" event scheduled for 7:30 p.m. this Friday night at the Joseph Stripe Auditorium.

This second session is sponsored by the Crawford County Taxpayers Association who reported also that nominations for Association Officers will also take place the same night. All interested citizens are urged to attend.

### Sheriff Department Report

"We've had five fatal traffic accidents so far this year," commented Crawford County Sheriff Curt Haas, "that's 60% of all we had in our county last year. And is only a little over five months." That's the unfortunate omen the Sheriff portrays to local citizens after the fifth fatality was recorded last week. "All I can hope is that local residents and visitors to our area slow down and realize that local and state traffic regulations be obeyed; people must realize that the odds that traffic accidents occur now compared to the winter months, increase the possibility of accidents almost ten-fold."

Over the past week, Sheriff Dept. Deputies investigated 128 local complaints. The Ambulance Corps, all volunteers, answered seven calls during the week, all on their own time. Other complaints ran the full spectrum ranging from the traffic violations with a total of 13 to a missing parent complaint, only one. Over 30 other subject complaints were investigated throughout the week, ranging from whatever to whichever.

Sheriff Haas was quick to praise the efforts of the Ambulance Corps, noting that the efforts of the group are all voluntary in nature. The various members of the Corps answer the calls, most of which cut a slice into their own time, go on trips which most of us wouldn't even consider, and do their best to help those in need, whether local residents are or otherwise involved.

### Downtown Merchants Meet

by Joe Schrader

The Downtown Merchants Association met last Thursday at a noon luncheon at Chief Shoppe on Main Street. Vice-president Curt Jansen conducted the meeting in the absence of President Ernie Dawson. After conducting routine business, the group heard from Dan Smith, Crawford County Energy Coordinator, who outlined plans for the Solar Fair and Old Fashioned Bazaar to be held the weekend of June 17 and 18th. The group voted to hold a Downtown Merchants Sidewalk Sale on Saturday, the 17th, in conjunction with the event.

Wayne Hindmarsh, Milltown Festival Chairman, reviewed plans for this year's affair, which will be held July 27th through the 30th. Among other things, an important change this year will be the starting time for the AuSable Canoe Marathon. This year the race will begin on Friday at 8:00 p.m. instead of Saturday night, the custom in previous years. Hindmarsh asked that anyone interested in helping out in this year's Festival contact the Chamber of Commerce or himself.

The Association also passed a motion to organize a

Charitable Donation's Committee, purpose being to centralize donations through a Chairman, that post to be rotated on a regular basis. Further details and organization of the Committees will be worked out at the next executive session.

### Loretta Barnes Named "Senior Citizen of the Year"

by Joe Schrader

She rides a 3 wheel bike three days a week just to keep in shape! Her specialty is knitting and crocheting which she does almost every day at the Arts & Crafts Shop at the Sr. Citizens Center. We're talking about Loretta Barnes, who last Wednesday night was selected as the "Senior Citizen of the Year." The award was announced at the Club's Annual Dinner-Dance held at Auman's House of Catering.

The delightful gal, 83 years young, rightfully earned the recognition. Known popularly around town by the kids as "Grandma", Loretta is as active as a ten-year-old! She babysits for anybody in need, cleans house for a shut-in friend, knits, crochets and works in the nursery at the Michelson Memorial Church. She regularly bakes a chicken and takes it over to a sick friend.

Mrs. Barnes was honored at the Dinner-Dance at which a delicious dinner was served with dancing afterward to music provided by "Patti and Mike." She was selected by all other senior citizens living in the area. Mrs. Barnes has been a resident of AuSable Acres for six years and a Grayling resident for 10, moving here from the Detroit area Jack Alef was speaker for the event.

Mrs. Barnes has a son, James Ladden, residing here in Grayling. She has a daughter, Mrs. Daniels, living in Adrian, and another daughter, Florence Williams, who resides in South Bend, Indiana. She has 20 grandchildren and 30 great-grandchildren.

Her philosophy of life now: "That's what we're here for, to help each other." No better selection could have been made.

The Planning Committee is holding the meeting in Grayling to find out what Crawford County residents think should be included in a long-range plan for health care in Northern Michigan. Specifically, the Committee is looking for comments on health needs, desired goals and resource requirements in the area.

The Committee is responsible for preparing a five-year health plan for an eighteen county area in Northern Michigan. In addition, the Committee prepares annual implementation plans and recommended actions. The plans will serve as a basis for evaluating the appropriateness of major health care institutions and services in the area.

Shall the limitation on the amount of taxes which may be assessed against all property in Crawford AuSable School District, Crawford, Otsego and Kalkaska Counties, Michigan, be increased by 15.65 mills (\$15.65 on each \$1,000.00 of state equalized valuation) for the year 1978, for the purpose of providing additional funds for operating purposes (this being a renewal of 15.65 mills for operating purposes which expired with the 1977 tax levy)?

### Elementary School Praised

With the criticism of late concerning the education the students in the Crawford AuSable School District are receiving, we felt the following statements in a letter received by Melvin Nunn, Grayling Elementary School Principal, from John W. Porter, Superintendent of Public Instruction, would be of interest to our readers:

On behalf of the State Board of Education, I am pleased to extend my sincere congratulations to you and members of the staff of Grayling Elementary School.

Based on 1978 data, your students have shown significant improvement in the mastery of the reading and mathematics objectives measured by the Michigan Educational Assessment Program.

As you are aware, recognition of educational achievement of ten goes unnoticed. The attention is instead focused on lack of achievement and poor test scores.

It is my contention, however, that the selection of community would do well to identify and to acknowledge exceptional programs leading to increased student achievement, and to learn from these programs.

For this reason I am asking that you accept our congratulations on the accomplishment of your students, and that you extend these congratulations to members of your staff and citizens of your community.

## Will "Voter Apathy" Affect Millage Question?

by Joe Schrader

"Voter Apathy". This is how one respondent answered the question - "What do you believe is the most serious problem faced by the local school district?"

This is the last in a series of three articles capsulizing how residents in Crawford County responded to a recent community attitude survey recently conducted by CARE (Committee Acting for Responsible Education).

As reported two weeks ago most of those answering the questionnaire favored a millage renewal. That's what the School Board has decided to go for, and whether or not schools will operate throughout the '78-'79 season will hinge on voter approval on that question next Monday, June 12th. Denial of the renewal would ultimately, when the funds run out, result in school closings.

Fourteen key questions were included on the survey. While "Voter Apathy" was only one of a number of responses to the question

outlined above, it does appear poignant. Other answers were far-reaching, citing for the most part though, funding problems faced by the school system. Taxes as a means of financing pose a real problem, according to poll results.

School discipline policies were criticized at length. Additional millage for school operation was denounced by a 2-1 margin.

The school's curriculum came under praise by most respondents, as did the efforts by the School Board to maintain and improve quality education. "I've attended meetings. They're doing their best," said one respondent.

Generally speaking, the sampling seemed to lean towards a millage renewal. A critique of the overall results of the survey is being conducted now by the CARE group and School Board.

Voters will go to the polls next Monday to decide on the renewal question. Polls will be open from 7 a.m. to 8 p.m.

## School Board Candidate Profile

By Joe Schrader

Two new posts for the Crawford-AuSable School Board will be filled in an election next Monday, June 12th. James Duley and Dave Wyman, current board members, are not seeking reelection. Board inspirants who will appear on Monday's ballot have each offered the following personal profile:

**FRED A. ALLEN** has been a resident of Grayling for the last three years and a Crawford County Resident all his life. He has two children, one now in kindergarten and another in the 2nd grade. Fred is 34 years old and a U.S. Post Office employee. He graduated from Frederic High School. He says that his deepest concern is "for our problem of discipline and communication." He continues, "I've grown tired of over-the-fence gossip, if you have a problem or complaint to be solved or even praise, you should be able to take it to the school. The biggest problem Grayling is facing is the question of millage. We all realize our school must be supported and you know and I know that what we produce today will be the leaders of this nation tomorrow. If elected, I hope to put my best foot forward, use my common sense, and any abilities I obtain to make a significant impact into our children's education."

**CLEMENT SÁJDAK** is a 31-year resident of the Grayling and Frederic area. He and his wife Betty have four children, one of whom is still in the local school system. He is currently an employee at Camp Shawano and works there as a youth specialist. "If elected I pledge regular attendance at all board meetings and will conduct a very close scrutiny on the spending of our tax dollars. I will also pay very special attention to discipline in our school system and also be concerned about the maintenance and upkeep of the facilities," he said.

**STEPHEN SAUTER** is a write-in candidate for the School Board post. He, along with his wife, Phyllis, own and operate the Marshall Motel, just north of town on old-27. The Sauters have three sons. Steve and his family have resided in Grayling for the past seven years. Steve attended the Lawrence Institute of Technology and spent four years in the U.S. Coast Guard. In announcing his candidacy, Mr. Sauter commented, "I believe our schools must insist that the students are in school for no other purpose than to be

educated. Too much emphasis has been placed on social programs that have accomplished little good and have escalated the cost of education."

Continuing on, he says, "Discipline in our schools must be enforced in order to provide a proper atmosphere for the students that wish to learn. Academic subjects must be stressed. These objectives are obtainable and I intend to work toward these goals if I am elected to the Board. I am against our current (Property Tax) method of financing our schools and I believe the school board of the state should be the front-runners in changing the system. As a businessman, I have an insight into management and finance. As a father, I am concerned about the education of our children. As a taxpayer I am concerned about the ever-increasing taxes. As a American, I am interested in the future of our country."

**PAULINE PETROSKY** owns and operates the Comfort Center here in Grayling along with her husband, Luke. They have six children, all of whom will be attending local schools next fall, one or more in each school. This, according to Mrs. Petrosky, is her main reason for wanting to be on the school board. In addition though, she made the following comments: "I have had extensive experience working in various school systems. On the Administrative level for 10 years, in the field of pre-school education hiring teachers, working on programs and budgets, dealing with the State requirements and directing parent education programs. I've served on committees observing and evaluating pilot programs. In addition, I've been involved with Concerned Parents Groups. My business and financial experience will be of value to me serving on the School Board."

"Awareness," Mrs. Petrosky cites as the aspect of education vital to our school system. "The public and most importantly the parents need to be more informed—hopefully, this will make for better relations between teachers, administrators, parents and children. It is most important to me that all children be educated. Those seeking college, those children going into the work force, the bright child, the slow learner and the average child are our responsibility—we must educate all of them. Careful budgeting and financial planning is essential. It is very important to enlist the united effort of teachers, administrators and parents to enforce good discipline codes. I am willing to spend the time in the schools and classrooms in order to bring to the School Board "first-hand" problems, attitudes and needs of teachers and students. We all need better understanding!"

**MARY ALLEN** is an Registered Nurse, a graduate of Providence Hospital, and incharge of the Coronary Unit at Mercy Hospital. She teaches Coronary Care Classes and is an instructor for nursing pharmacology. The Allens have four children, Mike, 17, who just graduated last week, Rich, 16, a Junior, Steve, 15, a Freshman, and Kathy, 9, a Elementary School fourth-grader. She has been active in the community church, schools, scouting etc.

"My objective is to insure the best quality of education in this School District," she stated. "Education has to move forward to meet the complex demands that our computer and scientific age demands. Education should prepare a person to be useful member of society. I She continued, "I feel all aspects of education are vital to our local school system if we are to meet the needs of all the children and adults in it. I feel communication is the basis for many of our present and past problems. While quality education is my primary goal, I would like to see the schools brought back to being a central part of our Community Life, not used as an another means of dividing our community. I believe the people of this community built our school system on a strong foundation, long before I moved here. I would build upon it, remodel and renovate where needed, but never destroy it." Mrs. Allen concluded by saying that, in her opinion, education is vital for freedom from poverty, prejudice and limitations. "With a good education, the only limits you will have are once you place on yourself," she said in summary.

**JOHN A. JACK STOCKHAUS** has been a resident of Crawford County for the past three years. He is married and has one child attending Grayling's Elementary School.

He has a B.S. Degree in Civil Engineering along with a Master's Degree in the same subject from Worcester Polytechnic Institute. He's currently employed as a Civil Engineer by the Michigan Army National Guard at Camp Grayling. His objectives would be, if elected to the Board: -Development of educational goals for the school system. -Curriculum development to support established goals. -Funding development alternatives to support school system needs.

## Time to Think Positive ...

by Joe Schrader

We started out last week talking about the positive things happening here in the Grayling area only to be preface by Fred Girard of the Detroit News who pretty much described our city as the "pits" of the world. Unlike myself, he's a professional writer for a well-known newspaper whose quality and overall philosophy we'd now like to question. He pegged us as a bunch of bumbling idiots, even though he says, we don't have one that stands out well enough to call our own. If that's professionalism, then the Pope's a Protestant. Enough said about that. Let's go on and continue to outline some of the things that indicate that we're a growing area — one which can do without the likes of Mr. Girard ...

—Got car trouble? You might want to try the new Auto Safety Clinic which has recently opened up north of town.

—While you're out that way, take a look at St. Mary's Church new Parish Building, a project that now looks almost complete.

—Something's amiss down near Rochette's Party Store — a possible expansion or is it new construction?

—What about the renovation and new look Latusek's Total 76 Station has taken on.

—Dr. Hough, local dentist, has a new location in a new building on the corner of North Down River Road and Michigan Ave.

—For your hairstyling needs — try the President's Chair — a new business located downtown.

—City Manager Jerry Morford reports that \$300,000 in street improvements are planned for this summer.

—Besides which, we'll have a new Social Services Building, somewhere?

We'll continue next week to outline plans for Grayling's future. We're on the move despite what our friend Girard has said. It's too bad he even found an exit leading into town. If he had stayed around long enough, he may have been first nominee for our "Village Idiot."

## From Our Corner....

Welcome...faithful readers to this edition of your stinking Avalanche...we make reference to a letter to the editor we received last week that appears on page eight...and is in reference to last week's corner...after reading it we were a bit concerned, that is, until we learned the identity of the writer, and all we could think of was...mercy...and he has the gall to infer that we were prejudiced.

By the way, we are not going to retract any part of last week's corner...it stands as is.

Next Monday is a big day for the schools in the Crawford AuSable School District.

Voters will be asked to decide on two candidates out of a field of six to serve on the Board of Education, and also decide on the renewal of the operational millage, as well as choosing trustees for Kirtland Community College, and COOR District.

We know how we will be voting, and all we will do from Our Corner is urge each and everyone to exercise their rights and be at the polls Monday, June 12th.

Last Wednesday afternoon we figured we had our whole corner filled already...we were going to take after Fred Girard the writer from the Detroit News who attacked Grayling in his column to the point if anyone was a believer of him would stay miles away from here...

By Thursday morning, we received letters to the editor that appear on page seven and we felt they tell the feelings of the people here, and the area. A note came from a long time friend in Gaylord, Norm Glasser, adding his name to the disgruntled people who read the article.

Girard made a lame apology in the Sunday issue...all we can add is, if he thought his column was funny...we would hate to read the morbid side of his thinking.

Have a nice week...vote Monday...and by the way we almost forgot...T.J. and Stef spent three days with us last week...be happy...

## The Bible Speaks

From Calvary Baptist Church

The Mystery Babylon Of Antichrist  
Revelation 17:1-6

Having concluded the chronological judgments of God during the Tribulation Period, we now begin our study of the spiritual and political systems of this period.

The key to understanding the identity of mystery Babylon as a false religion comes first from the name Babylon. Since man's early history in Genesis 10 and 11, the name Babylon has stood for false religion. Nimrod led in uniting all men in one central city to construct the tower of Babel for religious worship. Though God brought immediate judgment upon this false religious system, much of the thinking never died out. Antichrist will claim mystery Babylon as his bride. She will be the antithesis of the true church of Christ which will have been already raptured by this time.

Mystery Babylon is also called "the great whore" in verse 1. This is no doubt because of her spiritual adultery. She will claim to be the church of Christ, yet she will serve antichrist and this world system.

She will be a large universal church. She "sitteth upon many waters" in verse 1 which are interpreted in verse 15 to be peoples, multitudes, nations, and tongues. She will cover the

whole earth.

She will control world governments for a time. She sits in control of the beast of verse 2 which is interpreted in verse 12 to be world governments. This will only be temporary however, since these same leaders shall destroy her. Verse 16.

She will be a church known for her great wealth, verse 4. "And the woman was arrayed in purple and scarlet colour, and decked with gold and precious stones and pearls, having a golden cup in her hand full of abominations and filthiness of her fornication." Her great wealth will not help her overcome her spiritual corruption.

She will be a mother church with many corrupt children: "And upon her forehead was a name written, MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH." Verse 5.

She shall be known for her murder of true saints: "And I saw the woman drunken with the blood of the saints, and with the blood of the martyrs of Jesus..." Verse 6.

We dare not place a name on mystery Babylon for we know not the time of the return of Christ. Just as Satan has groomed a man in every generation to be the antichrist the moment Christ raptures the true church, even so, Satan has

always had a false religious organization to be controlled by antichrist. You may think you know who the antichrist or false church would be today, but you cannot be dogmatic. (adv.)

### Frederic Homecoming Committee

The Frederic Homecoming Committee is hard at work making plans for its Annual Homecoming, which is held August 10th through the 13th.

The first event will be a kickoff Flea Market to raise funds to help with the costs of the Homecoming. The date of the Flea Market is June 24th. It will be held in the Frederic Community Park and will start at 10 A.M. There will be booth space available for those wanting them. Anyone having items they'd like to donate to us to help with the Homecoming or would like information may call 348-5569, 348-8789 or 348-8365.

Be sure to vote for Frederic's Royal Family. Ballots are available in the Frederic Business Places and Shady Acres Grocery in Maple Forest. Don't forget June 11th is the last day to vote!

Anyone who would like to help with this year's Homecoming may call one of the above numbers. We need the backing and support of the community.

We will have our Summer Reading Program for children. They are required to read 10 books during summer vacation. The boys and girls completing the requirements will receive a reward.

We will be holding our Christmas summer film program the Wednesdays in July. There are funtimes for your children and are planned to make each of these days special for your child.

You can support these children's programs, the Library Building Fund and provide new books and materials by turning in Glen's Market Grocery tapes, Coke, Tab & Sprite pop caps, also all Purina Dog food weight circles from 25 and 45 pound bags. We can also use their Puppy Dog food weight circles in the same weight sizes.

## Let's Get To The HEART Of Things!

**COMMUNICATION** is an exchange of thoughts, ideas and information. Breakdowns at any point to or from the Superintendent, Principal, Teachers, Family, Student and Community has been the basis for most of our current problems.

**PROPERTY TAXES** are unfair but until an equitable way of supporting schools is actually enacted we cannot make our educational system the scapegoat for our dissatisfaction. Get to the POLITICIANS not the CHILDREN!

**DISCIPLINE** is a parental function. The schools must work WITH parents. Existing discipline codes are adequate but need reinforcing with **parental** involvement.

**BACK TO BASICS** is NOT ENOUGH! We live in a computer age where even the neighborhood mechanic must now be licensed. Our schools must prepare children to be useful members of society!

**INTEGRITY** My views as a potential school board member remain the same as they were as an active, concerned parent.

Mr. Fred Girard

Detroit News  
615 W. Lafayette  
Detroit, MI 48231

Dear Mr. Girard:

Somewhere in Grayling — Help. Only an inexperienced, insensitive person would dare write about Grayling in the manner that you have.

"...but one may go only north from Grayling." Fred, you must be inexperienced as a driver, too. The same road that brought you to the "two-pump Total Station" would have returned you, safely, south from Grayling.

"Grayling, ... whose entire claim to fame is as the home of the Crawford County Road Commission Main Garage and Office." Fred, ability to see must be one of your worse qualities. Obviously, there is much more to Grayling than this. Your way of turning a "pun" story into a fiasco worked.

My family and I have lived in Grayling for 18 months now. We migrated north from "Metro-Michigan."

It would seem, if Grayling is as you wrote, no one would come here. Every weekend southern Michigan residents (a majority from Detroit), flux north through or to Grayling. These people seem to enjoy our "ranchid" trickles called the AuSable River, our trees and parks. They, too, enjoy our forest in the hunting seasons, and snowmobilers enjoy tearing up our beautiful lands.

Though written in a hyperbolic manner to exploit the lack of road signs, your letter has proven to be tantamount to suicide. People from your area deal with problems of inadequate road signs, i.e., a recent trip to Southfield. Following an I-75 North road sign I was led into a residential area of one of Detroit's many suburbs. For approximately 10 miles, there were no signs. I stopped twice at service stations to ask directions. Rudely, they pointed outward (it would appear to one that you must "fill-up" to ask directions). To where? Only God knows the reasoning behind the streets being laid out as they are, with inadequate signs. Perhaps Detroit wishes to "hold captive" travelers in its hourly large town.

Fred, believe me, it was a blessing to see the familiar "Grayling" road sign after the battle of inconsiderate motorists enroute North I-75.

Perhaps Grayling's next addition should be a booth at the Grayling Exit. The question should then be asked, "What do you want and where are you going?" If the response is, "for gas, eats, etc.," direct them back south. After all, gas is cheaper there.

We are proud of our community, and since Grayling has only a "two-pump Total Station, a Pickup Truck Emporium, and a Road Commission," perhaps it has nothing to offer -- to you, that is. But then the question arises, what do we have to offer other southern Michigan people? It must be something other than the Road Commission, Total Station, and Truck Emporium to swell our County's population three-fold during the tourist season.

Sincerely,  
Terry Warner

Mr. Fred Girard:

Get a grip on reality. I believe what you experienced while traveling northward was an over-use of fresh air, clean water, and uncluttered roadsides.

People with this ailment are easily taken in stride by all us down home country folk who enjoy clean living and unpaved forests. We can even overlook your reference to our beautiful AuSable River as a ranchid trickle. Comments such as these are made often by native Detroiters who haven't yet had the experience of seeing clean water not flowing from anything but a faucet.

One would wonder at the unlimited expanse of your vivid imagination, not to mention the boundary lines of your helpless state of exaggeration.

Not to worry, much pity can be found in these back-wood towns for a man who has nothing better to do on Memorial Day weekend than to write an editorial on a gravel pit.

I must state however, that we in Northern Michigan were greatly offended by the way you sandwiched your actual editorial in the middle of ridiculous ridicule aimed at one of the most beautiful towns in Michigan.

It riles us to imagine that a man who has several square miles of parking lot plus the Detroit River in his back yard could be so critical as to the cleanliness of our country-side. Again, not to worry, we can attribute your criticisms to your ailment.

You see, the ride from Detroit to Grayling involved several large expanses of I-75 where no buildings are to be seen. In these stretches of untamed highway, a city oriented driver would undoubtedly notice the lack of neon lights and fluor-

escent arrows and be immediately overwhelmed by his panic.

Mr. Girard, we in northern Michigan caution you to use extreme care when driving on our country highways. We believe that one must surely be in the final stages of their ailment in order to mistake a roadside gas station for the beautiful, bustling town of Grayling.

Dear Sir,

It would be wise for you to invest in a "Seeing Eye Dog" for Mr. Girard as it is quite obvious that he cannot write as one of your Columnists reported when he started with the News.

It also appears that Mr. Girard must be working for the D.N.R. or Trout Unlimited as both of these organizations have been trying to get full control of our River.

If Mr. Girard will return to Grayling I will personally show him our town and buy him a good drink and meal at one of our many good restaurants, in town. I also will drink the water from our "Ranchid AuSable River" from the middle of town where it flows under the bridge. If Mr. Girard takes me up on my offer I wish to state that I make no guarantee as to his safety.

Very truly yours,

To the Editor:

The contempt I have for you after reading your Editorial is indescribable! To think that a person should have position of responsibility to the public, and so completely misuse it is unforgivable!

I have been under the impression that a newspaper was supposed to print FACTS! You would have us believe that your little "social family" represents the majority of the population of Crawford County. The fact of the thousands of dollars missing or lost under Ker's management seems to have completely escaped you. The fact of misuse of County vehicles must have gone right over your head! Maybe you should attend some of the meetings that were held on this subject... or even read the "Herald Times" (John Ker wouldn't happen to be a friend of yours, would he?)

I applaud the efforts of Commissioners Milikin and Richter to clean up our Road Commission and make it an efficient operation. It has been a long time coming. I believe that if a few people will get off their backs and let them finish the job... we will see a marked improvement in our roads and a saving of our gas tax dollars.

I wouldn't cry too much for Mr. John Ker. I am sure that since he is such a "good Social Citizen" one of his "supporters" will be glad to pay him an equal salary on those grounds alone. The taxpayers have carried him long enough.

I am a friend of Mr. Milikin's and PROUD to be. He is a good man doing a good job, even with a dog back chewing on him!

Yes, Mr. Madsen, your paper stinks!

A concerned Citizen who is not afraid to sign my name!

# ATTENTION NORTHERN MICHIGAN LAND OWNERS AND MINERAL OWNERS.

With the 10 year oil and gas leases beginning to expire you will see an increasing number of newcomers entering the oil and gas play in this area. Some of these people will probably be capable individuals. However, most will be lease brokers who will be armed only with convincing stories of their past exploits and future expectations. Their purpose will be to sign your lease and sell it to an oil company for a profit and an additional royalty.

Before you sign with these individuals take time to consult with experienced oil people who have a proven record. These professionals will advise you that there are many facets to the oil business and all of these capabilities must be present to properly service your lands and convert oil possibilities to profits.

Before leasing to anyone you should check their drilling results in the past "Michigan Oil & Gas News" reports and ask the following questions.

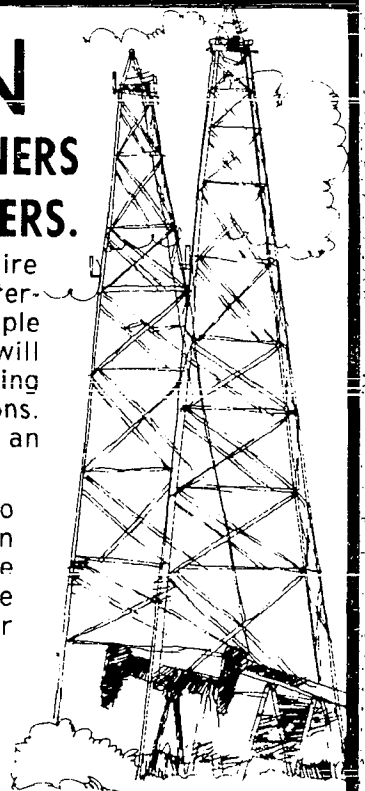

## Clip and Save

- 1 Do you have a land department in Michigan?
- 2 Do you have a geological department in Michigan?
- 3 Do you have a staff geophysicist in Michigan?
- 4 Do you have a Petroleum Engineer in Michigan?
- 5 Do you have a production superintendent in Michigan?
- 6 Do you have the financial capability to operate in Michigan?
- 7 Can you supply bank references?
- 8 Do you now operate producing Niagaran Reef wells in Michigan?

- 9 Are you currently operating "sour gas" plants in Michigan?
- 10 Have you performed seismic, drilled producers, and successfully operated Niagaran wells in Michigan for a number of years?

If your party answers affirmatively to all these questions ask him or her to prove it! Remember, no matter how much cash bonus or royalty you may be promised, it could be insignificant compared to what your land may yield in the hands of a competent and proven oil company.

## Road Commission Minutes

May 26, 1978

A regular meeting of the Crawford County Road Commission was held in their office. Chairman Millikin presiding. Present: LeRoy Millikin, Ervin E. Richter, Grover Cason, and Secretary, Lorna Bernard.

The Minutes of the last meeting were read. Commissioner Richter voted that the minutes be approved as read; seconded by Comm. Cason, all in favor; motion carried.

Matthew Bidvia and Ed Martindale of the Roads and Bridges Committee (County Commissioners) appeared before the Board.

A discussion was held in regards to the painting of trucks and buses. After much discussion, the painting was tabled at this time for a future decision.

A discussion was held on the Block garage, and the repairs that it needed. The Board tabled this as they were going to inspect the garage later in the day.

At this time, Alton Davis, was called in as Assistant Prosecutor, to give the Board legal advice. Comm. Richter made a resolution to close the door during the meeting and Comm. Cason seconded it. All voted in favor.

After the "closed door session", the meeting was adjourned until after lunch.

The afternoon session convened after the Board had inspected the Block building and Wakeley Bridge Road. The Block building had been inspected, and does need repair, which is to be done before fall.

Mr. Bircher appeared before the Board wanting to put a fence in front of his property, and wanted the assessments checked on Old Lake Road. He was informed that Norm Feldhauser, Superintendent, will check it out Tuesday morning, May 30, 1978.

Mr. Yockey from Yockey Construction Company, appeared before the Board regarding a partial payment for construction already done on Wakeley Bridge Road. The Board discussed a partial payment of \$5,534.36 with the balance due upon completion of the project. A motion was made by Comm. Richter and seconded by Comm. Cason to pay Mr. Yockey the partial payment. All voted in favor. Motion carried.

A telephoned message was presented to the Board from the Aire Motel, thanking the Road Commission for the repair of the road, that was previously complained about. Comm. Richter made a Resolution.

WHEREAS: It is necessary that we have someone responsible for Materials and Supplies that are ordered. THEREFORE: It is deemed necessary to have that person sign all purchases of materials and supplies until further notice. I vote that this person be the Office Manager, Lorna Bernard; and it will go into effect on June 1, 1978. This motion was seconded by Comm. Cason. All voted in favor. Motion carried.

Cal Hawley appeared before the Board regarding our Rest-Area employee; to get authorization to take home the County truck; so that a truck would be more readily available for the Holiday weekend.

Norm Feldhauser appeared before the Board and agreed to work with Cal Hawley - on the distributing of the men so that the work that is most needed on the systems is done first. They then discussed the problems on the County road systems that have arose during the past week.

John Keir then appeared before the Board and discussed Wakeley Bridge Road, and the Completion of it.

Mr. John Keir then asked the Board to make a determination as to his status with the Road Commission. After some discussion, Chairman Millikin made a Resolution:

On May 3, 1978, I seconded and supported a motion by Commissioner Cason, to delay employment of an Engineering firm for 30 days. It was my intention then, that the Contract for employment be entered into no later than June 1, 1978; and it appears to me after reviewing the minutes of May 3, 1978 meeting, that I did not make my intentions clear. For that reason, and simply to make my intentions clear, I now move that the Crawford County Road Commission enter into a Contract of Employment with a reputable Engineering Consulting Firm of the Commissions choice no later than June 1, 1978. Motion seconded by Comm. Richter.

After more discussion, a vote was called for: Mr. Cason, Nay; Mr. Richter, Yea; and Mr. Millikin, Yea. Motion carried.

Mr. Keir then asked the Board about his final pay, of which he felt that there was to be two more months pay coming to him. The Board discussed this motion and Comm. Richter made a motion that on June 1, 1978, Mr. Keir's pay, Pension and Hospitalization be stopped as of June 1, 1978. It was seconded by Comm. Millikin.

After much discussion, Comm. Richter called for a vote at which time, Comm. Cason made a motion that John should have two (2) months salary for "services-rendered" on ongoing projects. There was no second to this motion. At this time, Comm. Richter again called for a vote on the first motion made. Comm. Cason, no; Comm. Richter, yes; Millikin, yes. Motion carried.

Commissioner Richter then made a motion in view of the termination of John Keir's employment; that the Board contact Owens, Ayres and Associates and authorize a 2-year contract proposal (because of the time of year) for all Engineering services to be rendered by them to the Crawford County Road Commission. This contract to be available at our regular meeting, June 2, 1978; together with the proper officials from their firm. Chairman Millikin seconded the motion. Vote called for: Comm. Richter, yea; Comm. Cason, abstain; and Comm. Millikin, yea. Motion carried.

Commissioner Cason has stated at this time that he will be resigning from the Road Commission.

The Board instructed the Office Manager to contact Mr. Minners office on the Union Contract for next week.

Comm. Richter made a motion to adjourn. Motion seconded by Comm. Millikin. All in favor. Meeting adjourned.

LeRoy Millikin, Chairman  
Lorna Bernard, Secretary

## Social Services Board Meeting

April 24, 1978 — 10:00

303 James Street, Grayling, Michigan

The April meeting of the Crawford County Social Services Board was called to order by the Chairperson, Mrs. McNamara, on April 24, 1978, at 10:25 a.m. in the Department office. Members present were Maureen McNamara, Chairperson; Johanna Gorman, Vice Chairperson; and Carol Wert, Member.

The minutes of the meeting of March 20, 1978, were discussed and approved on a motion by Mr. Wert, seconded by Mrs. Gorman. Motion carried.

The following bills were presented to the Board and approved for payment:

McLans Promart (Supplies) ..... \$ 3.58  
Crawford County Avalanche (Advertisement) ..... 21.40  
Oliver Office Supply (Supplies) ..... 1.96  
Cadillac Overall Supply Co. (Maint. Serv.) ..... 9.70  
Grayling Office Supply (Supplies) ..... 6.66  
Nati Comm. for Prev. of Child Abuse (Literature) ..... 1.78  
The Alpena News (Advertisement) ..... 18.90

The Master Vouchers (numbers 7594-7697) for March 1978, were approved on a motion by Mrs. Gorman, seconded by Mrs. McNamara.

### OLD BUSINESS:

A discussion was held on a letter to the Commission on Aging regarding monies allocated under Title 20. There are some counties that have waived use of their money and our Director will try to have these monies allocated to this county. The Commission received \$52,000 this year and will only be receiving \$37,000 for the next fiscal year. The purchase of service contract was approved by the Board.

The work project for General Assistance recipients in Crawford County was discussed. Mr. Keighley has composed a letter and sent it to various county agencies. Due to his letters, arrangements have been made for three projects, two with the county Board of Commissioners and one with the City Housing Commission. A project with the DNR is pending. The County currently has 31 active GA cases. 12 of these cases are female with 9 considered employable. 19 of these cases are male with 15 cases considered employable which leaves a total of 24 cases considered employable and available for the work relief project. Therefore, a work relief project in Crawford County will have to be flexible enough to employ both male and female clients. It must be kept in mind that the GA caseloads in the northern counties generally increase during the winter months and decrease during the summer months.

Staffing was discussed. All positions in the local office are now filled. There are now 18 full time employees on our payroll. There are 22 full-time personnel that work in this office but of those, 2 are CETA positions, 1 is an MESC Employment Executive and 1 is an AFC Licensing Consultant. These positions are not on our payroll. We also have three employees that work out of this office 1 or 2 days a week.

Mr. Keighley informed the Board that all services workers have gone for services training. 2 ongoing AP workers have gone for AP training in Lansing, and 3 intake workers will be scheduled for AP training in the near future.

Per the Board's request, Mr. Keighley contacted the Board of Commissioners regarding the disposal procedures for two old typewriters and one adding machine. He was informed that this equipment must be returned to the county for their disposal. A staff member wishing to purchase this equipment will be informed

### Show on the Road African Art at Kirtland Community College

"African Art from the Detroit Institute of Arts," a Show on the Road exhibition, opens Thursday, June 8, in the library of Kirtland Community College, Rosecon, and will be on view through Tuesday, July 4. The public is invited to attend a special exhibition reception on Sunday, June 18, 2 to 6 p.m., according to exhibit organizer, Stuart E. Lawrence. On hand will be art lecturer Michael Farrell to give a free public slide-illustrated talk on African art in the library at 2 p.m.

An adjunct Curator of Education at the Detroit Institute of Arts, Farrell is also an Assistant Professor of Art History at the University of Windsor, Canada, where he is a Ph.D. candidate.

The 18 objects chosen represent varied cultures of sub-Saharan Africa, an area three times the size of the United States. Since the art of Africa forms an integral part of daily life, these objects range from the functional to the ritual utilizing wood, metals including gold, clay, fibers and paint. Accompanying photo panels show geographical sites, craftsmen at work and objects in use.

Because nearly all objects are made of perishable materials subject to temperature and humidity damage, dating is difficult, but most are no more than 100 years old. In African societies wood, metalcrafts and weaving usually are practiced by men; women are the potters. Some skills such as blacksmithing remain within a family and are handed down through the generations.

The "Eucalyptus" (Ivory Coast) mask in the exhibition is a composite of many animals — head of a hyena, eyes of a human, tusks of a wart hog, mouth of a crocodile. Dancing at night the wearer blows sparks from the mouth to frighten away spirits thought to enter the community under cover of darkness.

The "Helmet Mask" of the Bundu Society (Sierra Leone) is a rare type worn by women of an adult organization whose purpose is to protect its members from exploitation by men and to initiate young girls into their roles in society.

The Ashanti "Female Figure Seated on a Stool" (Ghana) illustrates the importance of ancestor veneration in African cultures. The figure depicted is thought to be a female ancestor in her prime exhibiting the valued qualities of physical

## Sweet Adelines Activities

Mid-Mitten Chapter met at St. Elizabeth's Parish Hall Wednesday, May 31st, for their weekly rehearsal. Show tunes are being lined up and rehearsal is getting in gear before our summer break during the month of July.

The Spring Regional Meeting will be held in London, Ontario the weekend of June 10th. Our Director and President plan to attend along with other members who are able to make the trip. The program of events promises to be a very good one with terrific teachers and classes. The girls and John should come back with much to share with the rest of the chorus.

One of our members is anxiously awaiting her first grandchild. I don't know if her hair turned gray already waiting for the new title "grandmother", but she is wearing a wig already!!

## Kasky School Board Under Union Fire

The Kalkaska Board of Education has been found in violation of provisions in the Public Employment Relations Act (PERA) for refusing to bargain with the Northern Michigan Education Association (NMEA).

James P. Kurtz, an administrative law judge of the Michigan Employment Relations Commission (MERC) handed down the ruling after charges were filed in June 1977, by NMEA, which represents teachers in 19 local school districts within several counties of the northern lower peninsula.

The Kalkaska Board had refused to bargain with NMEA representatives after Kalkaska teachers voted to affiliate with NMEA.

In its complaint, the school board alleged that it was not legally obligated to negotiate with NMEA because NMEA represented the interests of teachers throughout the area, and not just those of Kalkaska teachers. It also alleged that NMEA contract ratification procedures were improper.

Judge Kurtz ruled, "there is little practical difference in having NMEA as the bargaining representative of the Kalkaska teachers, rather than the Kalkaska Education Association, since both are affiliated with MEA which represents 'interests' far beyond the interests of Kalkaska teachers". He added that, "the employer's argument would effectively eliminate representation of the employees of any employer by an affiliated labor organization, which is clearly without merit."

Regarding the Board's claim on contract ratification, Judge Kurtz observed, "such ratification has always been held to be beyond the purview of legitimate management concern, unless contractually mandated."

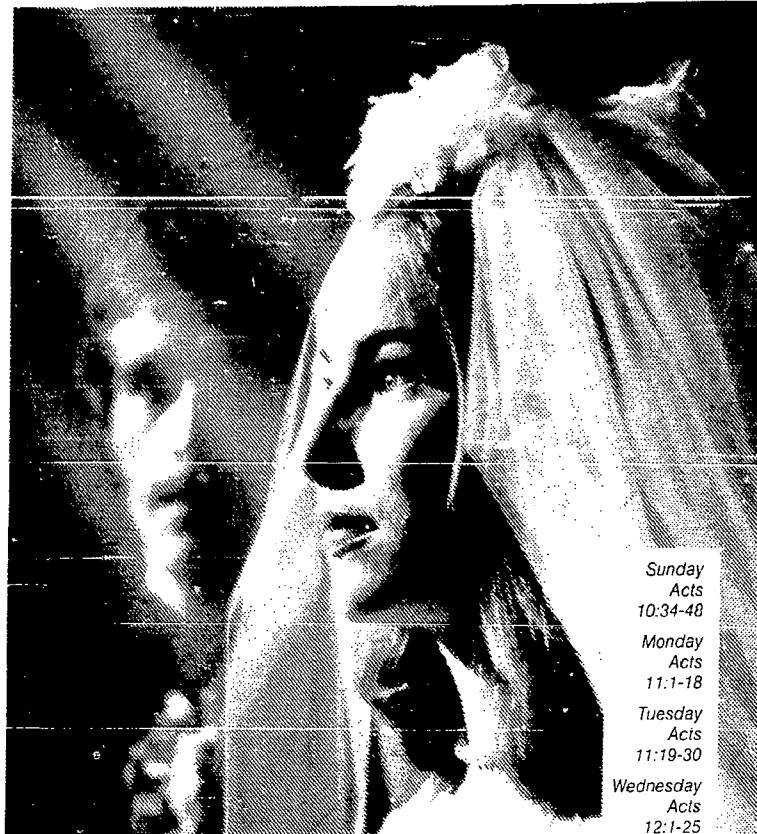

He ordered the school board to bargain in good faith with NMEA, and to post copies of his findings conspicuously for all employees to see.

MEA executive director, Herman Coleman, applauded the decision. "It advances the cause of coordinated bargaining," said Coleman, "and serves notice that boards must bargain in good faith with teachers who have become members of these larger units."

### CARD OF THANKS

## LOVE NEEDS LIGHT

The afternoon sun was streaming through the altar window the day Ken and Carole spoke their vows. She looked even lovelier with the soft transfiguration of light upon her face. But, had it been a cloudy day, there would have been no less promise in it for this couple.

Love needs light. But the light that love needs comes not from the heavens but from Heaven itself. It is the light of divine truth... of faith... of religious commitment.

That is exactly what our marriage vows mean to Christians. This is why we usually prefer to be married in church. Our promises are given not only to one another but to God. Our love looks up to Him who described himself as the Light of the world.

For Ken and Carole every Sunday in church renews the glow on their faces... and in their hearts.

# Troopers threatened

We must resist action  
to weaken State Police role

Richard Millman

Keep an eye on the ongoing battle in the Michigan legislature over the question of which police agency should be responsible for which road patrol duties.

Presently the joust concerns a couple of bills about state funding for county sheriff departments of finance patrolling of secondary roads. It would cost the state treasury about \$12.5 million, under proposed financing.

And, under the reasoning included in the proposals, if the county mounties are responsible for local road patrols, then state police would be responsible for patrols of state highways.

On the surface, the whole idea doesn't sound too bad. How come, then, that the entire state police establishment — from Commander Gerald Hough through the Michigan State Police Command Officers Association, and the State Police Troopers Association — all go into apoplexy when discussing the bills?

You have to go back just a bit to get all the background. Last fall, when Detroit was in a budget crunch, the city had to halt city patrols of Detroit freeways. Wayne County didn't have the money for the job, either. As Calvin Coolidge might have said of the resulting situation, when you remove policemen from patrols in Detroit, crime results. The Michigan State Police were thrown into the breach, and did a commendable job. However, not everybody was happy.

The AFL-CIO, for one. The big union opposed state funding for continued state patrols of Detroit freeways, primarily because that meant Wayne County police officers would not be doing the patrolling, and the Wayne County officers belonged to the AFL-CIO while the state troopers did not.

After quite a tussle, the State Police won and the union lost. According to Col. Hough, that situation set the stage for the latest go-round.

What Col. Hough and his allies fear, is that the new proposals, while spelling out duties of county sheriff departments in certain areas of road patrol — and in funding those patrols — also will severely limit the reach of the state police by restricting their activities to

patrolling state highways.

For example, the troopers' association feels the sheriff's aid bill is "just the tip of the iceberg as the raiding of state funds for county law enforcement will, in the long run, result in duplication of crime laboratories and investigative services now provided by the State Police in cities and counties without cost."

Col. Hough spells out his concerns like this: "We don't want the State Police to be a highway patrol. Since 1917, we have been a full service police agency. It would be a step backward to become a highway patrol."

The measurers are also backed by the Michigan Sheriffs' Association. For example, Oakland Sheriff Johannes Spreen called for the role of sheriff to be "more than just a jailer and deliverer of papers." Spreen claims the proposal would "properly define and legitimize the role of the sheriff throughout the county."

From where I sit, the State Police have every right to be concerned. Direct state subsidy of sheriff patrols, although welcome by most hard-pressed counties with budget problems, would undoubtedly lead to more and more pressure for more and more state financial aid for other aspects of the sheriff's duties — and certainly at the expense of the Michigan State Police.

Where the AFL-CIO fits in apparently is in the membership angle, and thus in union influence of law enforcement agencies. More state money to counties for more road patrols means more deputies in Wayne County and all other Michigan counties, with more union members and more opportunities for AFL-CIO influence in sheriff departments.

There are other problems in the bills — such as mandating county patrols in townships and other local jurisdictions, without reimbursement to the county.

But the total thrust of the movement is highly questionable, and I certainly agree with Col. Hough and his State Police allies that any action in the Michigan legislature which would weaken the role of the Michigan State Police would be resisted with all fervor.

## Lansing Report

Representative Ralph Ostling AUTO LEMON BILL BECOMES LAW

The so-called "auto lemon" bill was signed into law last week by Governor Milliken.

The new law eliminated the holder-in-due-course doctrine for vehicles and will allow car buyers who finance their cars directly with auto dealers to withhold payment on a faulty car if the dealer fails to fix it and to raise the car's substandard quality as a defense in a court action.

The law becomes effective January 1, 1979, and will apply to transactions made on or after that date.

Passage of the bill has been called a consumer victory. It has been a priority of Governor Milliken since 1972 and guarantees that automobile purchasers will have the same legal rights extended to those who take out home improvement loans and enter into retail installment sales agreements.

## Alpine Festival Run Set For July 22

The Alpine Striders, with the cooperation of the Gaylord Area Jaycees and Dannon Yogurt, are giving distance runners an opportunity to compete in a race of 7.5 miles on July 22 at 9:30 a.m.

The run begins downtown Gaylord and finishes at the beautiful Michaywe Clubhouse south of Gaylord. According to John Koza, one of the organizers, the course is generally flat, fast, and with mostly asphalt roads. Request for applications have already been received from Texas, Florida, New York, Ohio, Wisconsin, Indiana and many other states. Last year 100 runners participated. This year approximately 400 runners are expected.

### No Use Tuning

A housewife called her television serviceman and claimed something was wrong with her color set. The repairman asked if there were any describable symptoms. "The news is on now and the anchorman has a very long face," she said. "Madam," replied the serviceman, "if you had to report what's going on these days you'd have a long face, too."

There are seven divisions of competition for both men and women. Times will be given at both the one mile and the four mile marks. An aid station will be available at the four mile mark.

Certificates will be given to all finishers and special trophies will be given to the first place male and female finisher, plaques to first place in each class, and medals to second through fourth place finishers.

Last years winners were Bill Keller of Lansing (41:51) who holds the course record and Sue Olson (56:13) of Cheboygan.

An entry fee of \$3.00 is requested for all runners who enter prior to July 15 and \$5.00 for all those who enter after that date.

Check in time is between 8:00 and 9:00 at St. Mary's High School on Otsego Avenue in Gaylord and showers will be available there. For further information about the race or entry forms call (517) 732-2712 or write Alpine Striders, Box 792, Gaylord, MI 49735.

## Camp Shawono Activities

Members present: Jim Heitbrink, Rick Harland, Julie Kroll, Sandy Millikin, Carol and Dick Weber. Camp Council members: Todd, Kevin, Steve, Ralph and Bob.

Statistics for April given: 12 new boys admitted, 8 released, 1 transferred, 10 truancies involving 7 youth. Average length of stay for the month was 5.5 months.

Mrs. Kroll told about bringing out books on learning how to play the guitar and the boys thanked her and said they were very useful.

Mr. Heitbrink reported that a group was going to Jackson Prison the next day for a tour and an indoctrination into what the J.O.L.T. program would be about. He would be attending, as well as Mr. Haines and Mr. Morse from the camp, and Mr. Rizon and Mr. Erickson, and Mr. Denley from the community. It was expected that a large number of people would be there, including many from the Social Services Department's State office in Lansing.

Mrs. Kroll informed the council that 2500 new brochures would be printed by Mr. Lattimer for the camp.

The council youth were asked to report on the 7 step program which 2 of them are taking. They were very enthusiastic about the program and regretted that more boys were not taking part in it. They said it included how to accomplish goals in life, act in society, personality build-up, psychology.

Senior Citizens have requested a presentation of our slide program on May 18th. Mr. Heitbrink was to try to do it. If he could not, Mr. Haines would be requested to handle it. This is the first response to the letters that were mailed out to all organizations and churches.

Mrs. Kroll suggested that the next meeting be an open meeting so that all boys in camp who were interested could sit in and see exactly what we do in our meetings, as the council members said several boys asked them what went on. It was agreed that this would be an open meeting, subject to approval by Mr. Haines, which was given later.

The boys complained about no smoking in the TV room since the new furniture arrived. It was explained to them why this rule was put into effect and that this was something between them and the staff and the council could not do anything about it.

The quarterly awards banquet will be held on Sunday, May 21st and the council members were informed about decorating the dining room in preparation for it.

The next meeting of the CAAC will be held on Tuesday, June 6th at 7:00 p.m.

The boys were asked if they received written rules and regulations on entering camp. They said they did not but the rules were explained to them by the buddy that was assigned to them. The camp secretary said that a new Trail Guide for new campers was in the process of being revised and was in the first draft stage. The council members all requested a copy when it was finalized.

Two gold ornamental objects which indicated position in the society include a "Ceremonial Headband" worn by Baule rulers (Ivory Coast) and a four-inch gold filigree head (Ghana). These denote wealth as well as power.

Among other objects are a carved wooden cup used for ceremonial or ritual purposes by the Kuba rulers, an ornamented wooden stool made for a person of rank in the Songye society, both of Zaïre. Other African pieces show the fine craftsmanship of utilitarian objects - a pipe, knife, doll and vessel, each from different cultures.

A huge textile, "Kente" cloth shows the unusual method of weaving cotton and silk in narrow strips which are joined in vertical rows to make intricate patterns. Again the fabric and width of the strips illustrate prestige in the clan of society. This example is from Ghana.

The range of objects in the exhibition demonstrates the varied and sophisticated craftsmanship of the diverse cultures of sub-Saharan Africa. The craftsman was usually a valued member of his society.

Following the Roscommon exhibition at the library, the show will travel to Alpena's Jesse Besser Museum (July 8 - Aug. 6), William Bonifas Arts Center in Escanaba (Aug. 10 - Sept. 4), Jackson's Ella Sharp Museum (Sept. 8 - Oct. 8), Muskegon's Hackley Art Museum (Oct. 12 - Nov. 12), Midland Center for the Arts
